

**Ag Tyres  
& Wheels**

*Australia's leading  
agricultural wheel manufacturer  
and tyre distribution company.*

Early in 2019, Mick Carbone and Don Torr launched an Australian service company for the Agriculture Machinery market ***Ag Tyres & Wheels.***

***Ag Tyres & Wheels*** vision is to be the Australian market leader for agricultural wheel manufacturing and tyre supply.

***Ag Tyres & Wheels*** will achieve this goal through partnerships with Australian agriculture machinery importers, machinery dealers and global tyre manufacturers to guarantee superior quality, high-performance products to suit Australian farmers.

***Let's make tracks!***

## Relationships & Key Personnel

Ag Tyres & Wheels want to build a strong relationship with Australian machinery businesses.

Achieving this through the delivery of quality OE tyre & wheel packages to meet farmer requirements, meeting desired schedule times and providing professional support.

Through partnering with Ag Tyres & Wheels gain access to the experience and in-depth knowledge of tyre and wheel applications to meet the specific needs of Australian farmers.

Support from OE partners Continental Agricultural Tyres and Michelin Ag Tyres, along with other significant brands - Firestone, Mitas, Ceat and Alliance allows for a constant supply of tyres for the varied market segments.

Team up with National Distributor - Ag Tyres & Wheels for a prompt, efficient, reliable and trusted service.

# Wheels & Applications

Ag Tyres & Wheels manufacture wheels made with precision, and will custom make kits for customer requirements.

Through consulting with importers, dealers and end users Ag Tyres & Wheels deliver longevity, comfort and robust packages for the agriculture industry.

Ag Tyres & Wheels kits are shot-blasted, zinc powder primed and powder coated to match your machinery.

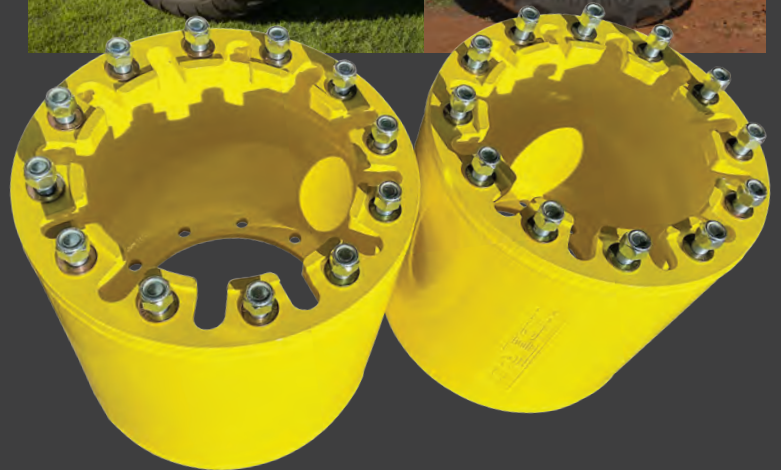

**Wheels & Add-ons -  
Fixed Wheels & Adjustable Wheels  
Specialty Wheels for Row Cropping  
Weights and Spacers**

**Consultation through all levels of the industry ensures Ag Tyres & Wheels are constantly aware of the latest technologies and deliver this 'know-how' to dealers.**

## Cotton Reel Spacers

When it comes to modifying your machine, Ag Tyres & Wheels will provide the right advice to you get the correct kit for the job.

- To suit all tractor models
- Available for all size wheels
- 8,10,12 stud configurations
- Custom sizing on request
- Precision CNC machined in Australia
- Durable powder-coated finish
- Easy to fit and remove, no permanent modifications required.

## **The Full Tyre & Wheel Package**

Ag Tyres & Wheels provide the correct agricultural tyre and wheel packages for ultimate performance, reliability and driver comfort.

Ag Tyres & Wheels also manufacture high quality, heavy-duty agricultural wheels, fix welded or adjustable flange wheel with sizes from 8" to 50" diameter, available for all types of Farm Machinery.

Supply of these wheels will ensure the Agriculture Machinery you sell is 'fit for purpose' and will perform to your client's expectations.

We also provide Cast Wheel Weights when required to optimise performance.

Ag Tyres & Wheels provide 'second to none' technical advice and back it up with after-sales service.

**Specialised Packages for -  
Row Crop · Broad Acre · Horticulture  
Light Industrial · Turf Management  
Orchards · Vineyards**

**Ask Ag Tyres & Wheels about the specific tyre & wheel package to provide ultimate performance, reliability and driver comfort for your machinery.**

## National Tyre Distributor & Prompt Freight

Ag Tyres & Wheels manufacture packages for agriculture industries across Australia.

Ag Tyres & Wheels understand fast dispatch of packages to machinery dealers is essential to meet customers needs and timeframes.

Being the National Distributor of Continental Agricultural Tyres and Michelin Agricultural Tyres means stock is available, ready to be dispatched for your machinery.

This coupled with wheel manufacturing on-site ensures complete packages are 'ready to fit' on arrival.

**When dealing with Ag Tyres & Wheels all quoted prices include freight to your destination, anywhere in Australia.**

# Manufacturing & The Future

Ag Tyres & Wheels has recently moved into a purpose-built facility in East Bendigo.

The new site allows for increased production of specialised wheels, and the storage of expanded ranges of Agricultural machinery tyres.

The Jewell Court facility has designated areas for testing the compatibility of Ag Tyres & Wheels packages for all machinery makes and models.

This development allows for our Administration, Sales, Manufacturing and Dispatch teams to work more closely, providing prompt and efficient service to our clients and suppliers.
